Sir,

With reference to your office letter No. G. 8773-S San. 53-18-18, dated 15th October 1919, I have the honor to forward herewith an estimate of the cost of maintenance of the Epidemic Diseases Hospitals at Bangalore and Mysore.

The cost on account of the medical staff and the other establishment is based on the proposition statements for the revision of the establishments of the institutions, already submitted to Government with this office letter No. G. C. 114-8, dated 16th March 1920. The same scale of cost is proposed for each of the institutions, viz., Rs. 22,222 per annum each. The actual cost can be determined only after actual experience during a year or two. For the present, the estimate submitted herewith may kindly be accepted.

Forwarded to the Comptroller U.O.

FROM,

RAJASABHABHUSHANA DIWAN BAHADUR,

C. SRIKANTESVARA AIYAR, B. A., B. L.,

PRESIDENT, CITY MUNICIPAL COUNCIL,

MYSORE.

To,

C. S. Balasundaram Iyer, Esquire., B.A.,

Chief Secretary, to the Government of His Highness the Maharaja of Mysore.

SIR,

With reference to your letter No. G. 25911-12/Med. 35-19-15 dated 14th May 1920 forwarding Senior Surgeon's estimate of cost of the Epidemic Diseases Hospitals at Bangalore and Mysore and enquiring if the Mysore Municipality are agreeable to meet 1/3rd of the cost of the Hospital in the Mysore City. etc., I have the honour to forward herewith a copy of my note together with a copy of the Resolution of the Municipal Council on the subject and to state that for the reasons stated therein, it is beyond the means of this City Municipal Council to meet in full the heavy expenditure which the proposal of the Senior Surgeon involves, but that they can at the most bear about Rs. 3,000/- a year.

The Senior Surgeon may therefore be kindly requested to reconsider the subject in light of the facts stated in my Note and the Council's Resolution referred to above.

I have the honour to be,

Sir,

Your most obedient servant,

President.

NOTE

Enclosed is a statement of the expenditure in the Epidemic Diseases Hospital, Mysore, since official year 1910-1911.

All cost excepting the dieting of other diseases cases is shared equally between the Municipality and the Government.

Maximum amount of expenditure incurred in any one year before the Hospital was transferred to the Medical department in August 1919 was in round figures Rs. 5,000. Out of this the amount that the Municipality paid was only Rs. 1.500 in round figures.

As per Senior Surgeon's letter, estimated cost of maintenance of the Epidemic Diseases Hospital is Rs. 22,222 a year and out of this the Municipality, it is suggested, has to contribute 1/3 or Rs. 7,400. So the cost of maintaining the Hospital would be very near 5 times what it was before the Hospital was transferred to the Medical Department.

Besides the Epidemic Diseases Hospital, the Municipality has to provide funds for camping facilities, inoculation and disinfection staff etc..

According to a very modest estimate this would be about Rs. 2,575 a year at least. Of this the Municipality would pay only ½ viz- 1,288 a year only for plague.

For other Epidemics a provision of Rs. 2,000 a year would probably quite do. Thus while the cost of maintaining an E.D. Hospital, plague and other epidemic

diseases charges would not cost the Municipality more than Rs. 5,000 a year. Now as per Senior Surgeon's estimate, the Municipality is expected to contribute only for the maintenance of the Epidemic Diseases Hospital Rs. 7,400. If Rs. 3,288 that have to be spent for Disinfection, Inoculation and on Epidemics other than plague are added to this, the Municipality would have to incur annually an expenditure of at least Rs. 10,500 a year as against Rs. 5,000 as hitherto.

XXXIII. Letter No. G. 25911-12/Ml. 35-19-15 dated 14th May 1920 from the Chief Secretary to Government, forwarding an estimate of the cost of maintenance of the Epidemic Diseases Hospitals at Bangalore and Mysore and enquiring whether the Municipality are agreeable to meet 1/3 rd of the cost.

Considering that the Municipal contribution to the Epidemic Diseases Hospital till it was handed over to the Medical Department did not exceed Rs. 1,500 a year and considering also

that the Municipality has to contribute half towards the plague charges in the City and provide also for epidemics, like cholera, influenza etc., resolved that the Municipal Council will be unable to bear the heavy contribution of Rs. 7,400 a year as per Senior Surgeon's estimate, but can at the most bear about Rs. 3,000/- a year, and that the Senior Surgeon be accordingly requested to reconsider the subject.
